Kallie has been very unlucky for the last 2 years. She has torn her acl twice in 2 years. A very strong defender whose opponent hates to play against her. She plays wing back and stopper for me and has given me her all every game. She is just coming back from her second injury and has shown great dedication to the team and her rehab. ### Mike Menendez: State F License

A very gifted left footed player who can go down the field and get a cross in or beat her girl and go to goal. Plays left wing midfield and forward. Don't let her size fool you she is very feisty, plays bigger than she is and never stop. At the end of the game her opponent is glad she can stop chasing her.
